

# Software Engineer Intern - Summer 2018

## About SurveyMonkey

Founded in 1999 and based in San Mateo, California, SurveyMonkey is the world's leading platform for turning people's voices and opinions into actionable data — People Powered Data. Whether it's with customers, employees, or a target market, SurveyMonkey helps curious individuals and companies — including 99% of the Fortune 500 — have conversations at scale with the people who matter most. It's People Powered Data that allows them to understand not only “what” is happening, but “why.” SurveyMonkey's 700+ employees throughout North America, Europe, and Asia Pacific are dedicated to powering the curious.

## The Role

As a software engineering intern, you will receive an amazing opportunity to contribute to our everyday product. Front to back end, mobile to browser, you will be tasked with a major project to develop during your time with us. You will be given all of the tools necessary to be successful while learning from amazing engineers in one of the best cultures around.

During your summer here you will have a mentor and manager dedicated to you, giving you more than enough support. Our interns are invited to social and development events which provide accessibility to leadership, social responsibility opportunities, and offsite team building.

## Requirements

- Currently enrolled in a BS, MS or PhD program in Computer Science, Computer/Software/Electrical Engineering or a similar degree
- Experience with scripting languages such as Python, Perl, or Ruby
- Experience with web development technologies including HTML, CSS, or JavaScript
- Eagerness to learn and get hands on experience with the latest technologies
- Willingness to own a project from start to finish
- Strong analytical and problem solving skills
- Excellent written and verbal communication skills
- Strong work ethic and desire to have fun working with great people

SurveyMonkey is an equal opportunity employer. We celebrate diversity and are committed to creating an inclusive environment for all employees.

Accommodations are available for applicants with disabilities.
